## **REQUEST FOR PROPOSALS FOR A A WIND PROJECT AT PORT JERSEY, BAYONNE, NEW JERSEY (AS RELATED TO REQUEST FOR INFORMATION # 21242)**

The Port Authority of NY & NJ (Port Authority) provides the following information to interested wind turbine developers/operators of a Request For Proposals (RFP) issued by Global Container Terminals (GCT) for the development of a Wind Project to be located at Port Jersey, Bayonne, New Jersey.

The Port Authority recently issued a Request For Information (RFI # 21242) entitled “Port Jersey Wind Project” to solicit interest from wind turbine developers/operators. As a result of that RFI and a subsequent agreement between the Port Authority and GCT for the Port Jersey Peninsula, GCT has issued a RFP entitled “WIND PROJECT” to those wind turbine developers/operators who responded to the RFI. Wind turbine developers/operators who did not respond to the Port Authority’s RFI are directed to respond to the RFP issued by GCT.

**Responses to the RFP are due to GCT no later than 5:00 PM, Tuesday, August 31, 2010.**

Parties are directed to contact GCT at:

Global Container Terminals
